COMPLIMENT OF ALFRED W. HARRIS TO MR. AND MRS. DENNY G. MATHERN.

Where the historic hills in grandeur rise
Above the bounding mist, below the skies,
Where the Kentucky river winds its way
In deep silence, I touch the morning star.
By tree-fringed banks in Frankfort's vale
Stands the enchanted cot of Annandale.
Where the morning sun's resplendent rays
Dispensing glory to the purpling haze,
Lends a heavenly beauty to the scene,
Ere dawn in nature's perfect smiles serene;
And we—kind souls so sweetly made
The joyous souls at Annandale.

Where dear ones dwell in Christian love,
And praise the Lord of all above:
Where bright-eyed children romp and play,
And while the pleasant hours away,
With gleeful shout and song their hall
Each day some dot at Annandale.

When at twilight in the shadowy hills,
The tinkle, tinkle, tinkle of the bells
Sounds faint and low, and mellow of the eaves
That far upon the hillside breeze,
The good housewife, with her ready pen,
Prepares for milking time at Annandale.
Louisville, Ky., August 18, 1891.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus, Mrs. Elmina Hatch, of Elkhardt, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by W. Gayle, Book of wonderful testimonials free.

"Certainly hard words, made into pills."

Simply to swell the doctor bills," are not what constitute Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated, purely vegetable pills, as pleasant as confectionary to the taste, and acting upon the stomach and liver gently but effectually, and as naturally as Nature herself. For sick headache, indigestion, biliousness, constipation, and all the resulting diseases, no laxative equal to them has ever been discovered.

His Next Visit.

At the late annual meeting of the Western Associated Specialists he was honored with an election to its presidency for the third time.

Pneumonia

Is the only disease which seems to entirely baffles the physicians skill. Thousands upon thousands die annually that might be saved if they would use the medicine in the world that is a specific for that dread disease, viz: Dr. Hale's Household Ointment, which has saved the lives of hundreds of people after having been given up by the physicians when both lungs were badly involved. There is no remedy known to man that equals Dr. Hale's Household Ointment for the cure of Pneumonia. It cures the severest cases. It should be in every home in America. Price 25 and 50 cents per box. Sold at South Side drug store.

P. H. CARPENTER.

Thrown Over a Horse.

Two cadets from the Military Institute were coming into town Tuesday night on their bicycles when they met a vehicle, the horse attached to which became frightened at the wheels and whirled across the road. One of the young men was going so fast that he could not stop, ran into the horse and was thrown clear over his back, striking the pike with such force as to injure him quite seriously. His companion left him and came on to town for Dr. Hume, who went out and dressed his injuries, and at last accounts he was resting easy.

Excursions To-morrow.

The Steamer Little Sandy and barge City of Monterey will leave the city wharf at 8 o'clock to-morrow morning for Lock, No. 6, and return. The barge is new and a very pleasant craft to ride upon, and a good time is promised those who go.

The fare from this city will be one dollar.

Ladies

Realize perhaps more fully than any one else the value of a clear and beautiful complexion, and they also know how difficult it is to retain freshness and beauty, when confronted by so many diseases incident to females that sap their strength and undermine their health. Science progresses. There are two remedies, when used in connection, will cure any case of female weakness of short or long standing, and restore the individual to the health, vigor and beauty than any other known remedy. Large size 50 cents; sold at South Side drug store.

FRANKFORT ROUNDABOUT

FRANKFORT, AUG. 29, 1891.

Moved In.

The elegant new residence of Mrs. Bettie Wingate, on Third street, has been completed and she moved into it on Tuesday.

Get Your Ticket.

If you have subscribed as much as two dollars to the inaugural fund you are entitled to a ticket to the ball. Call and get it from the committee.

Madison Excursionists.

A large excursion party of young people came up from Madison, Indiana, on the City of Clarksville Wednesday, and spent several hours in this city.

Dissolved.

The partnership existing between Messrs. Howard Gaines and Walter M. Franklin in the management of the Opera House has been dissolved, Mr. Franklin retiring.

Want a Fair.

The Georgetown people are worked up upon the subject of having a fair at that place and have gone to work to organize a fair company and to secure subscriptions of the necessary stock.

A Cure for Paralysis.

Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face, to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also a certain cure for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by J. W. Gayle. 47-1m.

Nice Fruit.

Mr. Wm. M. Bristow, of this county, who always remembers the printers when he has anything nice, has placed us under obligations for some luscious soft peaches, which were raised upon his farm. They were large and delightfully flavored.

Greatly Improved.

The office at the Capital Hotel has been greatly improved in appearance by the removal of the old wooden floor and the substitution of a beautiful one of tile. New desks and counters will be put in, when the office will be exceedingly handsome and inviting.

Carriage Factory.

Arrangements have been perfected by which a carriage factory will be established in this city in a short time. The Strobridge property, on Main street, has been rented from Hon. I. T. West for the purpose, and he will remodel the building, raising it another story and running it back the full length of the lot. The establishment will be under the management of experienced parties and first class vehicles will be turned out.

A Close Call.

The Adams Express wagon and the occupants—Messrs. Dan. Kennedy, Charley Stephens and Thomas Rodman—came near being run into by passenger train No. 21 Wednesday afternoon. They left the express office on Main street thinking they had plenty of time to get to the Station before the train came in, but as they were going rapidly down the

hill on High street the train was coming through the tunnel. Mr. Kennedy was driving and did not hear the train, and as the horse was crossing the track it was nearly upon them. He jerked the horse back on his haunches and the engineer reversed the engine, but the train was not stopped until the engine had passed them. Just grazing the horse's head, which Mr. Kennedy had pulled around nearly against his side. There were three scared boys in the wagon and a lot of excited trainmen on the cars when the train was stopped, but fortunately no damage was done. The point where the above occurred is so dangerous that it is a wonder some serious accident has not happened there before. A signal man should be placed there to warn people of their danger.

The engineer did not see the approach of the wagon, but the fireman did and shouted to him to reverse the engine, and he threw the lever over quick enough to avert the accident.

For many years Mr. B. F. Thompson, of Des Moines, Iowa, was severely afflicted with chronic diarrhoea. He says: "At times it was very severe so much so, that I feared it would end my life. About seven years ago I chanced to procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gave me prompt relief, and I believe cured me permanently, as I now eat or drink without harm anything I please." I have also used it in my family with the best results. For sale by J. W. Gayle. 47-1m.

New Dry Goods House.

Dr. J. S. Collins has removed his dental parlors up stairs in his building on Main street, and is turning the rooms upon the ground floor which he formerly used into a store-room. As soon as the repairs are completed Mr. Will. O'Donnell will open a dry goods and millinery establishment at that point.

Twin Cantaloupe.

Mr. Walter Brightwell showed us on Saturday a twin cantaloupe which was raised upon the farm of Mr. Harry Thomas, near Farmdale. They were both large, well-formed and only joined by a thin strip of rind.

New L. & N. Agent.

Mr. George Alexander, of Hopkinsville, has been appointed agent of the L. & N. Railroad in this city to succeed Mr. E. P. Bryan, promoted to the position of Superintendent of Terminal Facilities.

THAT TERRIBLE COUGH

In the morning, hurried or difficult breathing, raising phlegm, tightness in the chest, quivered pulse, chilliness in the evening or sweats at night, all or any of these things are the first stages of consumption. Dr. Acker's English Cough Remedy will cure these fearful symptoms, and is sold under a positive guarantee by J. W. GAYLE, Druggist.

Inaugural Trains.

The inauguration of Hon. John Young Brown as Governor of Kentucky, will take place in Frankfort on Tuesday, Sept. 1st, 1891.

The citizens of that city have issued a general invitation to the public to be present, and they are now making elaborate preparations for the celebration of this event in the manner that it deserves. On this day the Kentucky Midland will run an extra train in addition to the regular trains of its present schedule. This train will leave Paris at 7:50 a. m., after connection with the trains of the Kentucky Central, and leave Georgetown after arrival of trains from Junction City and Lawrenceburg and arrive at Frankfort in time for the inauguration ceremonies. This train will leave Frankfort at 6 p. m. and connect at Georgetown with trains for Junction City and Lawrenceburg, thus giving an opportunity to attend the inauguration and return home the same day. Our regular trains connect at Georgetown with trains on Q. & C. to and from Cincinnati, giving persons north of Georgetown the same opportunity. Tickets at low rates will be on sale Aug. 31st and Sept. 1st, limited for return to Sept. 3d so that those who wish may witness the assembling of the Constitutional Convention on Sept. 2d.

A National Event.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the restorative Nerveine by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials, free at J. W. Gayle's. It is warranted to relieve opium, morphine or dangerous drugs. 1

A General Invitation to the Inauguration.

The people of Frankfort respectfully extend a cordial invitation to their fellow-citizens throughout the State to be present at the inauguration of Hon. John Young Brown as Governor of Kentucky on Tuesday, September 1, 1891.

L. MANGAN, Mayor. PAT McDONALD, Chairman. B. T. FARMER, Secretary.

A DUTY TO YOURSELF.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken, and do not gripe. J. W. GAYLE, Druggist.

Capt. W. A. Abbott, who has long been with Messrs. Percival and Hinton, Real Estate and Insurance Brokers, Des Moines, Iowa, and is one of the best known and most respected business men in that city, says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by J. W. Gayle.

'Skewed and Cured.

"First I was skewed and then I was cured," says Jones, and he laughs heartily over his little joke. Well, let him laugh. Let laugh who will. He was skewed through and through by dyspepsia and its attendant train of ills. He was cured by Dr. Pierce's Golden Medical Discovery. Do you feel dull, languid, low-spirited; experience a sense of fullness or bloating after eating, tongue coated, bitter or bad taste in the mouth, irregular appetite, dizziness, frequent headaches, nervous prostration or exhaustion, hot flushes alternating with chilly sensations, sharp, biting pains here and there, cold feet, drowsiness after meals, wakefulness or disturbed or unrefreshing sleep, con-

stant and indescribable feeling of dread, or of impending calamity? These are symptoms of bilious dyspepsia or torpid liver, associated with dyspepsia or indigestion. Dr. Pierce's Golden Medical Discovery will subdue the cause, if taken according to directions for a reasonable length of time, or money paid for it will be cheerfully refunded.

George Wilson's Minstrels.

George Wilson, the meteor of minstrelsy, held a laugh seance at the Academy of Music last night, opening the season here at packed house. There are many new and original features in the company, the bill is lengthy and varied, and the minstrels are excellent individually and collectively. There probably never was anything funnier on the minstrel stage than the original stump speech of George Wilson. Of course the original speech, written out and printed in cold, voiceless type would probably be mediocre from a humorous point of view, but in George Wilson's mouth it is a convulsing, side-splitting deliverance that can provide more genuine joy for its hearers than an accepted draft on New York. This year it is not the same old speech, but it is the same old speech, and the modified stump oration is a worthy successor of its prototype.

The costuming last night was unique and pretty, the singing good, and the olio of a remarkably fine order. Donnelly's "Gone, Gone, Gone," which was sung here last year, proved a hit, and the finale of the factory party, "The Men of Nerve," was original and laughable. Indeed, nothing too good can be said of the entire performance. The Sun, Williamsport, Pa., August 6.

Children Cry for Pitcher's Castoria. By Laying-on of Hands!

Woman restored to perfect health! Just faith and confidence enough to get Dr. Pierce's Favorite Prescription, administer it with a little patience and a little perseverance, and complete restoration to health and vitality is insured. Not far, indeed, from the miraculous, are many of the wonderful cures of lost womanhood it has effected. There are few cases, indeed, within the requirements of sick and suffering woman, outside or beyond its helpful influence. So confident are the makers of Dr. Pierce's Favorite Prescription of its power to heal all female diseases, that they warrant satisfaction in every instance, or refund money. Large bottle \$1.00 (6 for \$5.00); at druggists.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

The Cyclers.

The usual weekly bicycle races took place at Col. R. P. Pepper's track Thursday afternoon, were more largely attended by the wheelmen, and very interesting, the number of starters in each race being larger than usual. The track was rough, but the time was good.

In the one mile championship handicap for the medal, there were six starters, and it was a lively contest for the first half mile, but from there on they were considerably strung out. Crutcher won, with Betts second, Hulett third. Time, 3:33.

In the second race, half mile dash, there were four starters. Crutcher again won, Hulett second and Marshall third. Time, 1:42.

In the two mile race only Crutcher and Betts started, and it was a neck and neck contest all the way. Betts coming first to the scratch, beating Crutcher about a foot. Time, 7:48.

In the fourth race—one fourth mile dash—there were five starters, and was a hustler. Hulett won, with M. Williams second, Crutcher third. Time, 6:50.

This was the best meeting the club has held, the races going off promptly without any unnecessary delay, and it is hoped the boys will continue to keep up the interest manifested.

Neat Homes.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took it in all eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at PHIL. CARPENTER'S Drug Store, regular price, 50c. and \$1.00.

Persons living in the country can get bread and rolls fresh every day at M. Busam's.

Something is lost when you use Dr. Sage's Catarrh Remedy. It's Catarrh. The worst cases yield to its mild, soothing, cleansing, and healing properties. No matter how bad your case, or of how long standing, you can be cured. Incurable cases are rare. It's worth \$500 to you, if you have one. The manufacturers of Dr. Sage's Remedy are looking for them. They'll pay you that amount in cash, if they can't cure you. It's a plain square offer from a responsible business house, and they mean it. It seems too one-sided, too much of a risk. It would be—with any other medicine behind it. It only goes to prove what's been said: incurable cases are rare—with Dr. Sage's Catarrh Remedy.

Other so-called remedies may palliate for a time, but this cures for all time. By its mild, soothing, cleansing, and healing properties, it conquers the worst cases. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weak eyes, when caused by the violence of Catarrh, as they all frequently are.

Remedy sold by druggists, only 50 cents.

Among the Colored Citizens.

Monday night, a crowd of young men, headed by the writer, gave Prof. Credit a serenade, and then went to Rev. Evans', where Prof. Sneed and wife were stopping. After ascending them Mrs. Evans invited the crowd in to partake of some refreshments. A good time was had by all.

Misses Laura Spalding and Loretta Lawson, of Louisville, are the guests of Mrs. J. W. Woolfork, of the South Side.

The young Odd Fellows will give their entertainment next Tuesday night at Italy's hall, next door to the Athletic Club room, on Main street. Don't fail to attend. Good music for all who wish to dance. The two cock drill companies of the city have been invited and will give an exhibition drill. Everybody is invited to attend. The admission will be 15 cents.

The concert that was given Monday night at the Baptist Church and Tuesday night at the First Independent Baptist Church, was one of the best that has visited our city. The company was under the management of Prof. Chas. F. Sneed and wife. They had very good crowds at both of the named Churches.

Prof. Sneed and wife have some very dear friends in our city who tried to make their stay a pleasant one. The object of his concert is to make money to complete the new building at the State University in Louisville. This is the Baptist University that was some years started in this city, and Fort Hill was the place selected to erect the building on, but was afterwards sold and the building was started and completed in Louisville, and the school has grown with such rapidity that the present capacity is too small. Wish Prof. Sneed and wife success throughout the State.

Master Robert Conday, the brother of Steve Conday, will leave in a week or two for Ft. Scott, Kansas, to join some of his relatives where he will then permanently locate. His many young friends will regret his departure.

Mr. C. C. Carter, of Minneapolis, is in the city this week visiting friends. The crowd will be out to the Odd Fellows' entertainment Tuesday night, because this is the young Odd Fellows, the celebrated Industrial Legion. Come out and enjoy yourselves and help the young men. (Good music will be on hand and the tables will be well furnished with all the delicacies.)

Ladies

Realize perhaps more fully than any one else the value of a clear and beautiful complexion, and they also know how difficult it is to retain freshness and beauty, when confronted by so many diseases incident to females that sap their strength and undermine their health. Science progresses. There are two remedies, when used in connection, will cure any case of female weakness of short or long standing and restore the individual to perfect health very quickly. Dr. Hale's Household Ointment used in connection with Dr. Hale's Household Tea will accomplish the desired result quicker and better than any other known remedy. Large size 50 cents; sold at South Side drug store.

Jett.

Mrs. Rigan, having returned from the East, is visiting Mrs. G. W. Robb. Mrs. Virginia Thompson is visiting friends at Richmond, Kentucky.

Miss Maggie O'Donnell is visiting her sister, Mrs. Granagan, of Eminence.

Prof. Blakey, of New York, has again found it convenient to visit Kentucky. We are willing to admit that the attraction is quite sufficient to draw from a distance.

Quite a number of our beaux and belles are in attendance at the Lexington Fair this week.

Base ball at Jett every Saturday. Last Saturday the Bille Mawkins, defeated the Bille Madkins, and on next Saturday, there will be a game between the June Bugs and Grasshoppers. Exciting sport may be expected.

Look out for the inauguration. The small boy and the old man, the aristocrat and the laborer, the hill billie and the tobacco yep. We are coming, not a hundred thousand strong, but like a Gocian phalanx, with a solid front.

Mr. Thomas Thompson had a very fine flock of sheep destroyed, a few evenings since, by the worthless curs which infest this neighborhood. We insist that there should be a tax on dogs, and that the funds arising from said tax should be devoted to the compensating of farmers who have had sheep killed.

A short time ago several warrants issued from the Court of Esquire G. W. Robb, of this county, were placed in the hands of the Frankfort police officers. They made the arrests, and at their own expense delivered the prisoners to the authorities in Versailles. We are told that our officers did not, as is the custom, pay them, and place their claims before the Court of Claims of this county, but even told them that the Court of Claims might or might not allow the amount. We take the liberty of saying, the Court will allow any reasonable claim of the Frankfort officers, and though they have to wait awhile until the Court of Claims meets, they will get their money at last. Some of our officers may be just a little discourteous, but our Court of Claims is not a bit dishonest.

Arsenic and quinine are dangerous drugs to accumulate in one's system, and it is to be hoped that these poisons, as a remedy for ague, have had their day. Ayer's Ague Cure is a sure antidote for the ague, is perfectly safe to take, and is warranted to cure.

Remarkable Hearing.

Mr. May Forward, of Elmville this county, writes the Georgetown Times as follows: "The explosion of the powder mill in West Virginia last Friday was distinctly heard here by hundreds of people. People were talking about the noise several days before we heard of the explosion. The day and hour tallied."
